Museion multi-language tour: English for High Schools

FIFTEEN BY THREE

A multi-language activity (15-19 year olds) at the NEW ENTRIES! exhibition.

In this short course the students are encouraged to describe three works from the exhibition NEW ENTRIES! in the chosen language (German, English, Italian). The students are guided with a vocabulary based activity, focusing on describing the images they can see, and are given support in expressing themselves orally. The students are then given questions to help them think about the messages behind the images and are invited to discuss the issues in the chosen language.

Duration: 90 min

Museion multi-language tour: English for Middle Schools

FIFTEEN BY THREE

A multi-language activity of the NEW ENTRIES! exhibition, for middle school pupils (12-14 year olds).

In this short course the students are encouraged to describe a work of art from the exhibition NEW ENTRIES! in the chosen language (German, Italian, English). The students begin with a structured vocabulary based activity. They are then asked to take on the role of an art expert and write a description of a work of their choice. The activity is concluded with an oral presentation of the different works of art by the pupils.

Duration: 90 min

Museion multi-language project: English for Elementary Schools

THE MYSTERY OF THE OLD SHOE

A workshop designed to stimulate the use of English through the images of contemporary art (10/11 year olds)

The children are presented with a mysterious suitcase. Using their own imagination, and a choice of objects and words from the suitcase, the children create a story of the unknown owner. The children are then asked to describe objects found in the work Portrait- robot d'Iris Clert by Arman. They are encouraged to hypothesize on the unknown owner of the suitcase. Each child then creates a collage (from material, words, objects they have been given) to say something about the unknown person's character. The children's work is brought together, viewed by the group and discussed.
